

General Practitioners Section Report 2015-2016

The General Practitioners' Section has a new executive with the addition of Don O'Hara as vice-chair. Mr. O'Hara is also the Communication Officer for the National Small and Solo Firm Section of the CBA. This year our Section attempted to bring Section members together to address the issues concerning The Manitoba Court of Queen's Bench and The Law Society's position regarding Small and Solo practitioners representation in litigation. Going forward we are planning a presentation outside of Winnipeg with the working title "Perimeter Vision". This presentation is planned to address the views of the Bench concerning lawyers who litigate outside of Winnipeg.
