

Securities Law Section Report 2020-2021

The Section held two "virtual" meetings - October 29, 2020 and May 6, 2021. Both were very well attended and were devoted primarily to updating members on developments in securities regulation. Representatives from The Manitoba Securities Commission presented at both sessions, and we thank them for their insights and responses to questions.

A letter was sent by the Section to The Manitoba Securities Commission recommending the revival of the Securities Advisory Committee. The purpose of the Committee would be to consult on regulatory matters and to advise on new policy initiatives and approaches to changes in the securities industry. We have been told that this recommendation is under consideration by the Commission.

Thank you to Vice-Chair Tom Kormylo, Sarah Hill and Devon Molloy, who were Executive Members-at-Large of the Section this past year. We appreciate the support and active participation of the membership of the Section.

Submitted by,
Don McDonald, Chair, MBA Securities Law Section
